

Invited Speakers:

- A. Middeldorp
"Automatic complexity analysis for rewrite systems"
- P. Padawitz
"From grammars and automata to algebras and coalgebras"
- J.-E. Pin
"Theme and variations on the concatenation product"
- L. Ronyai
"Some combinatorial applications of Gröbner bases"

Tutorials:

- A. Middeldorp
"Termination and complexity of rewrite systems"
- P. Padawitz
"Co/algebraic modelling and verification at work"

Programme Committee:

- E. Aichinger (Linz)
A. Biere (Linz)
S. Bozapalidis (Thessaloniki)
B. Courcelle (Bordeaux)
W. Fokkink (Amsterdam)
Z. Fülöp (Szeged)
U. Golas (Berlin)
